

Because Healthy Students are Successful Students

As a parent, we want what is best for our child, but it is not always easy to know what type of support they need. That is why Summit Counseling Center has partnered with Fulton County Schools to offer confidential mental health therapy, conveniently located at Hopewell Middle School. Students have the option to see their therapist at school during the day or at one of our offsite locations in the evening or on weekends. This flexibility allows the therapist to quickly intervene so children get the help they need to achieve their best at school.

Hopewell Middle School Therapist Megan Barfield, M.S., LAMFT

Summit OnSite provides a professional therapist who specializes in working individually with children and adolescents. Each Summit Onsite therapist is trained, licensed, and experienced to provide social, emotional, behavioral and mental health counseling support. Megan is onsite at HMS every Monday and Thursday. She is passionate about guiding students through the “often challenging” years of middle school.

Common Issues We Address

Mental health therapy helps your child better understand their personal needs and learn new skills to manage life situations or relationships more effectively. Megan will help your child develop treatment goals and provide the appropriate support and guidance. She'll work together with you to help your child with:

- Anxiety
- Depression
- Bullying
- Divorce
- Self-Image
- Substance Use
- Eating Disorders
- Family Issues
- Grief, Trauma & Loss
- Peer Relationships
- Self-Harm

Removing Barriers

Not only is Summit passionate about removing accessibility barriers for students to receive mental health services, we are also committed to reducing any financial barriers. As an out-of-network provider, we will provide you with the paperwork and support needed to file for reimbursement with your insurance company. If insurance isn't an option, as a non-profit, the Summit solicits donations to provide Client Assistant Funds for qualifying families to supplement the cost of therapy. Additionally, the Will To Live Foundation, North Point Community Church and other generous donors have contributed funds over and above our Client Assistant Funds to insure that each student will have the opportunity to receive services through the Summit OnSite program.

To learn more about the program and/or financial support available contact the Summit to schedule a 30-minute pro bono phone call.
